Products applications

Products applications

A blue stress ball is shown in two states. In the top right, it is in its original, somewhat irregular shape. In the bottom left, two hands are squeezing it, causing it to flatten and change shape. The text "NO STRESS" is in the top left, and "SQUEEZE ME" is in the bottom right.

2002年100个国家和地区中，有32个国家的41%的7000个企业，其营业收入的50%以上来自国外市场。

Quality control

Quality Management

Material Research and Develop

I. Quality Management

- ◆Through the continuous push, maintenance and periodic review for the quality management system of ISO9001, ISO/TS 16949, to ensure the system works sufficiently, appropriately and effectively.
- ◆Five core tools of ISO/TS 16949 : APQP, FMEA, MSA, SPC and PPAP. The effective use of these five core tools can make our quality control and overall management level improved greatly, finally to meet the requirements of customer.

II. Material Research and Develop

- ◆Under a professional PU material R&D team, the products that has been put into production include MDI, TDI, HDI and PPDI etc polyether and polyester system formula, which covering all PU systems formula.
