

1 no need to have air inflation (filling PU material instead of inner tire), the bearing capacity is strong

- 2 high wear resistant, it is six times that of the rubber tire
- 3 light and durable, heat resistant, cold resistant and corrosion resistant
- 4 endure the nail pierced, explosion-proof, anti tear, long life service
- 5 product yellowing resistance (grade 3.5), anti-aging, but it can be made with all kinds of color
- 6 good resilience and good flexibility (minus 40 °C while retain the original elasticity)
- 7 environmental protection (no fluorine, no heavy metal, in accordance with the REACH, ROHS, EN71-3, phthalates 6 p), energy security, biodegradable

Finehope was founded in 2002 and the number of workers is more than 100, and the number of management group is 41 with the average age of 32. The company has a modern factory with an area of 7000 square meters, and it also has an office building with an area of 1000 square meters which combines modern and classical styles.

1. What are the advantages of choosing Finehope?

1. Product quality assurance, delivery guarantee, good after-sales service
2. Cost-effective, fast development efficiency, professional operation with integrity
3. Finehope will conduct all testing analysis and then work out testing standards to reduce quality

standard dispute between customers and manufacturers.

4. Lean production management mode.
5. Help customers develop and design new products.
6. Has rich experience in the design and processing of pu products.
7. Finehope is a high-tech enterprise in China with domestic and international invention patents technology and intellectual property.

2. What are the differences between Finehope and domestic peers?

1. Quality assurance: advanced product quality planning(APQP).
2. Finehope has rich experience in serving international large enterprises.
3. Has professional scientific research team of polyurethane material.
4. Has independent design, manufacturing and innovation ability of production equipment and molds.
5. Has engineer team who is responsible for the quality assurance system and quality control.

3. What are the differences between Finehope and European and U.S peers?

1. Has sound and mature supporting supply chain
2. Lower mold costs
3. High efficiency of development and design ability and short process time.
4. Cost effective and good service attitude.

4. Why you choose Finehope?

Finehope is the most professional pu manufacturer in China, which has a professional R & D team, advanced PU production equipment, professional testing equipment and perfect quality management system. We have 12-year cooperation experience with CAT, FIAT, TVH, GGP and other famous enterprises. We provide them with one-stop service from R & D to production to satisfy their customization needs.
